UNITECH ENERGY ANNOUNCES REDUCTION IN FLOW THROUGH OBLIGATIONS

FOR IMMEDIATE RELEASE

September 18, 2009

Calgary, Alberta - Unitech Energy Resources Inc. ("Unitech" or the "Company") (TSXV: URX) today announces its intention to reduce its 2009 flow-through obligations by approximately \$171,000. The Company has entered into agreements with certain shareholders that subscribed to the Company's flow-through offering that was completed in 2008. These shareholders have agreed to file amended tax returns to reflect a reduction in the flow through eligible expenses that were attributable to them for the 2008 tax year. In consideration for the additional tax that these shareholders will be required to pay, and subject to the approval of the TSX Venture Exchange (the "Exchange"), the Company has agreed to issue to these shareholders up to an aggregate of 2,100,000 common shares at a deemed price of \$0.035 per share (except that 273,000 of these common shares may be issued to a director of the Company at a deemed price of \$0.05 per share in accordance with the policies of the Exchange). The transactions are expected to be completed on or before September 30, 2009.

Except for statements of historical fact, this news release contains certain "forward-looking information" within the meaning of applicable securities law. Forward-looking information is frequently characterized by words such as "plan", "expect", "project", "intend", "believe", "anticipate", "estimate" and other similar words, or statements that certain events or conditions "may" or "will" occur. In particular, forward-looking information in this press release includes, but is not limited to, statements with respect to the reduction of flow-through obligations and the expected completion of the transactions related thereto. Although we believe that the expectations reflected in the forward-looking information are reasonable, there can be no assurance that such expectations will prove to be correct. We cannot guarantee future results,

performance or achievements. Consequently, there is no representation that the actual results achieved or the terms of the transactions described above will be the same, in whole or in part, as those set out in the forward-looking information.

Forward-looking information is based on the opinions and estimates of management at the date the statements are made, and are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those anticipated in the forward-looking information. Some of the risks and other factors that could cause the terms of the transactions described above or the results to differ materially from those expressed in the forward-looking information include, but are not limited to: general economic conditions in Canada, the United States and globally; industry conditions, including fluctuations in the prices of oil and natural gas; unanticipated operating events or performance; the need to obtain required approvals from regulatory authorities; stock market volatility; volatility in market prices for oil and natural gas; liabilities inherent in oil and natural gas operations; changes in tax laws and incentive programs relating to the oil and gas industry; and the other factors. Readers are cautioned that this list of risk factors should not be construed as exhaustive.

The forward-looking information contained in this news release is expressly qualified by this cautionary statement. We undertake no duty to update any of the forward-looking information to conform such information to actual results or to changes in our expectations except as otherwise required by applicable securities legislation. Readers are cautioned not to place undue reliance on forward-looking information.

The TSX Venture Exchange has not reviewed, and does not accept responsibility for, the adequacy or accuracy of this news release.
